

MASTERCLASS WORKSHOP

GUIDED STONE MANAGEMENT

PCNL, RIRS, ECIRS, BPH

The EMS and Selayang Hospital teams in Malaysia are thrilled to welcome you to our 1.5-day program that focuses on advanced techniques for Standard and Mini PCNL in both supine and prone positions, as well as BPH. During this session, you will have the opportunity to attend didactic presentations and observe live cases showcasing surgical techniques, helpful tips and tricks, and medical management strategies for stone patients.

 Transplant Surgeon KPJ Healthcare

DR. TOH CHARNG CHEE

Introducing Mr. Toh Charng Chee, a seasoned Urology Consultant and esteemed Head of the Department at Hospital Selayang. With a distinguished academic background, including a Master of Surgery from the University Malaya in 2012 and FRCS (Glasgow) in Urology in 2016, Mr. Toh brings a wealth of expertise to the field.

Specializing in renal transplant, endourology, and minimal invasive therapy, Mr. Toh has not only demonstrated excellence in surgical practice but has also played a pivotal role in advancing urological training in Malaysia. Serving as the Exam Director on the Board of Urology and holding the position of Treasurer at the Malaysia Urological Association, Mr. Toh Charng Chee is committed to both leadership and collaborative contributions in the ever-evolving landscape of urological healthcare.

DR. TEH KHAI YEONG

Dr Teh obtained his medical degree from International Medical University, Malaysia in 2006. He then underwent training in General Surgery, and was conferred the Master of Surgery degree by the University of Malaya in 2015. Since 2017 he began his subspecialty training in Urology, and was awarded the Fellowship of the Royal College of Physicians and Surgeons of Glasgow (FRCS) in 2020. He also underwent a year-long fellowship in Uro-Oncology in Adelaide, Australia in 2021.

Since 2022 Dr Teh has served as consultant urologist in Selayang Hospital and Hospital Sultanah Bahiyah Alor Setar. His main interests are Uro-Oncology, Endourology and Minimally Invasive Urological Surgery.

DR. MOHAMAD AFZAL BIN FARIKHULLAH KHAN

Highly experienced internationally recognized European Board certified Urologist with strong academic, research and clinical credentials.

Well versed and skilled in all fields of urological subspecialties including endourology, uro-oncology, urogynaecology, andrology and kidney transplantations. Unique expertise in minimally invasive treatment of prostate, penile reconstructions, urological lasers and urological prosthesis. Previous work experiences in a prestigious academic urological unit, multiple high volume private hospitals including a JCI certified hospital. Highly motivated and interested in acquiring the latest knowledge and skills in the field of urology.

DATO' DR. ROHAN MALEK

Dato Dr. Rohan has been practicing as a Consultant Urologist and Renal Transplant Surgeon for the past 25 years. He has vast experience in General Urology with subspecialty interests in Uro Oncology (Radical Cystectomy with orthotopic bladder substitution for bladder cancer), Endourology and Minimally Invasive Surgery, Men's Health, and Renal Transplantation Surgery. To date, he has performed 350 Renal Transplant operations.

He obtained his Bachelor of Medicine and Bachelor of Surgery (MBBS) from Monash University, Australia. Initially, he did General Surgical training, where he obtained his FRCS from RCS Edinburgh and RCPS Glasgow in 1993. He later underwent Urology specialty training at the Institute of Urology and Nephrology, Kuala Lumpur Hospital, from 1993-1996, followed by a 1-year Fellowship in Urology in the United Kingdom. He obtained the Diploma in Urology from University College London in 1997 and has been a Fellow of the European Board of Urology (FEBU) since 2004.
